Pam Wisner ⁶⁷⁸⁴ hearenbound@yahoo.com

1. I would like handouts of the slide show provided to all attendees. email address
2. Project schedule
3. How much does the grant study cost the people?
4. Like a list of who is on each policy committee from the surrounding towns & counties
5. would like to see a face book page for the JLUS

NOISE } Work with military to preserve Readiness - WITHIN REASON
VIBRATION: walls & foundation cracking
LATE NITE FIRING, Aircraft Bombing (?) WALLS IN HOUSE CRACKING

All above apply to R+115, MEERS H.

We live on 115 between Wildlife Refuge a. Meers

Community work w/military - depends. If it means military can do whatever they want - no

I know who to call on Ft. Sill. It's pretty useless. All calls referred to Public Affairs and they don't care.

Wichita Mountain Federal Wildlife Refuge used to be a no fly zone, one of the reasons we moved to Meers. Now jets are constantly flying over the Refuge, around the mountains. Noise is horrendous. One of the prettiest areas in OK and a tourist attraction is being destroyed.

Also soldiers vandalize the Refuge with graffiti, carve in rocks, leave trash. Lots of drunk soldiers on the weekend. This was not the case a few years ago but became an issue when all the Bliss units arrived.

Noise - yes to the point where we are planning to leave this area after living here for 23 yrs. We get all the jet and bombing noise Artillery impacts shake house.

Vibration issue: Dry wall cracking, pictures falling off the wall

Five Danger!
